

Tips on Booking A Trip:

- 1) Book your trip as far in advance as possible. (Weekends & Prime dates fill up fast!)
- 2) Each area has their prime time for each species of fish. Try to schedule your trip as close to prime time as possible
- 3) Make certain you talk to the Captain to make sure you know what he provides and what you should provide.
- 4) Call several Captains, have them send you their personal brochures for more specific details.
- 5) Our Captains offer both trolling and drift fishing trips. Ask the Captain what they recommend or offer for each species.

Price:

Prices vary depending upon the number of people, types of fish sought, boat size, and services provided. Call a few Captains in the area you wish to fish, and see which services and price range suit your needs best.

NCCBA

The North Coast Charter Boat Association (NCCBA) is a group of professional charter Captains eager to provide you with an enjoyable, rewarding, and exciting day of fishing on Lake Erie's Central Basin.

WHY CHARTER? Chartering a boat is a bargain. You can charter a boat several times a year for a fraction of the cost of owning, maintaining, operating, insuring, and docking your own boat. And, you will be fishing with the latest equipment and technology to provide the most successful day possible. All equipment is provided by the Captain.

BOOKING IS EASY! You will need to know a few things...

- 1) Which port do you want to leave from?
- 2) What do you want to fish for?
- 3) When do you want to go?
- 4) How many people will go on the trip?

Then:

- 5) Find the area you want to depart from in this listing.
- 6) Call a Captain in that area and book your trip. It's that easy!

Brochures are available.

The Captain(s) will be glad to offer assistance and answer your questions as well.
